EDUCATION

Lyceum Of Subic Bay | Bachelor of Science in Information Technology
2023 - Present

Columban College, Inc. | Science, Technology, Engineering, and Mathematics
2021 - 2023 *Senior High School Graduate*

TECHNICAL SKILLS

- **UI/UX Design:** Figma, Wireframing, High-Fidelity Prototyping
- **Front-End:** Next.js, TypeScript, React.js, Tailwind CSS
- **Back-End & Database:** Node.js, PHP, Laravel, Java, PostgreSQL, MySQL
- **Cloud & Developer Tools:** Git/GitHub, VS Code, Vercel, Supabase, AWS DynamoDB
- **Core Competencies:** Technical Research, System Documentation, Technical Writing

---

WORK EXPERIENCE

OJT Trainee| May 2026 – Sept. 2026
Asset Management Department (AMD) at Subic Bay Metropolitan Authority

- Engineered and deployed a modern, cloud-based Job Order Management System with an interactive analytics dashboard featuring reactive Power BI-style KPI cards to replace an outdated, corrupted local server setup.
- Transitioned the department from a vulnerable localhost architecture to a secure, cloud-deployed web application, eliminating data corruption risks and ensuring high availability.
- Streamlined department workflow tracking and operational visibility by centralizing data management and implementing real-time data metrics.

ACADEMIC PROJECTS

Mekai: OCR-Assisted Manga Reading Platform
System Developer & Designer | February, 2026 – March, 2026

- Streamlined the untranslated manga reading process by engineering a full-stack application with OCR-powered translation tools.
- Accomplished secure multi-tier user management by implementing custom PostgreSQL Row Level Security (RLS) policies.
- Improved platform performance and readability by designing a modern Figma aesthetic and deploying to Vercel.

Rebeat: User-Centered Live Music Interface
UI/UX Designer & Front-end Developer | December, 2025 – March, 2026

- Democratized live music performance by developing a web-based launchpad to replace expensive physical gear.
- Accomplished a 60 FPS UI target by implementing a low-latency web audio engine and React.js state management.
- Reduced initial project load times to under 2 seconds by executing lazy-loading strategies and audio buffer caching.

Gakumon: Pet-Based Gamified E-Learning Platform
Technical Documenter | November, 2024 – March, 2025

- Enhanced student engagement and knowledge retention by documenting a gamified platform with virtual pet mechanics.
- Increased daily user participation by defining a virtual economy featuring pet health decay and coin multipliers.

Streamlined system scalability and moderation by formulating a comprehensive admin dashboard for analytics.

JobLink: Skill-Based Job Matching Web Platform
Technical Lead Documenter & UI/UX Designer | December, 2022 – March, 2023

- Accomplished a centralized employment web platform connecting local job seekers and employers by developing a full-stack solution.
- Achieved 100% architectural alignment by coordinating cross-functional design and development efforts through ERDs and manuals.
- Optimized user onboarding accessibility for non-technical users by designing an end-to-end Figma interface.

SEMINARS ATTENDED

- *RAITE 2026: CTRL + NEXT:Empowering Students as Future-Ready Digital Innovators and Technology Leaders* | PSITE REGION III | October 2026
- *Educational Tour:* Norde International Distributors | Norde International Distributors | September 2026
- *Educational Tour:* Hytec Power, Inc. | Hytec Power, Inc. | September 2026
- *Lenovo Legion Campus Quest* | Lenovo Legion | September 2026
- *AWS Community Day: Build, Break,Repeat!* | AWS Community PH | August 2026
- *Convergence III: From Policy to People: The Governance & Human Side of Cyber Risk* | DEVCON | July 2026
- *SparkCon: The Next Wave of Innovation* | Campus DevCon x Zellense | November 2025
- *Skydevs Hack, Play, & Learn Summit 2025 "Masterclass"* | Skydev Solutions, Inc. | September 2025
- *C# Scripting for Unity: Core Concepts and Best Practices* | Lyceum of Subic Bay | August 2025
- *Exploring the Angular Frameworks for UI Development: Enhancing your Web Application* | Lyceum of Subic Bay | October 2024
- *Data Privacy & IT/CS Career Development* | Lyceum of Subic Bay. | December 2023
